**MISS MARGUERITE NEVILLE AND MR. JAMES W. MILLER MARRY IN HOME CEREMONY**

In a beautiful wedding ceremony in the country home of Mr. and Mrs. W. G. Neville, their daughter, Miss Marguerite Neville and Mr. James William Miller were married Saturday afternoon at 4 o'clock.

The ceremony was performed by Dr. Rufus D. Hodges, assisted by Rev. T. Earl Serson, at an improvised altar before a background of evergreens, in the living room. White tapers, in crystal holders on the altar were lit by Gessom Neville, Jr.

The bride, wearing a brocade ivory satin gown with basque waist, buttoned down the back and sweetheart neckline, with a three-tiered wedding veil with a coronet of orange blossoms, was given in marriage by her father.

Her only ornament was a diamond bracelet given by her father to her mother. She carried a lace handkerchief belonging to her great grandmother, Mrs. G. A. Nunnally. Her flowers were white gladioli.

Her only attendants were her sisters, Miss Sara Neville, and Mrs. C. H. McMillan. They wore aqua taffeta and carried bronze chrysanthemums.

The groom's best man was Mr. Carey S. Brown, of Spartanburg, South Carolina.

Following the wedding the guests were entertained at an informal reception in the home of Mr. and Mrs. Neville, Mrs. Ruth Howard and Mrs. E. B. Rushing, Sr. were in the gift room.

The out-of-town guests included Mr. and Mrs. W. M. Miller, of Spartanburg, S. C.; Mrs. Florie Meyer of Greenwood, Ga.; Mrs. F. W. Norwood, of Perry, Fla.; Mrs. M. A. Miller and Mrs. R. S. Tinley of McBean, Ga.; Mr. Edgar Miller of Augusta; Mr. and Mrs. H. H. Bailey of Savannah; Dr. and Mrs. R. L. Neville, of Savannah; Mrs. Carol Minick, of Washington, D. **Blue Devils Lose Game to Millen By 19-6 Score**

Following a scoreless first quarter a fast-breaking Millen football team drew first blood here last Friday night when they scored a touchdown early in the second quarter as Ray took a long pass from Clifton, juggled it on his fingertips, finally got a touchdown grip on it and stepped over the goal line.

Just a few minutes later before the crowds had recovered from the startling turn of the play, Louie Simmons of the Blue Devils took a long pass, eluded several Millen tacklers to race to Millen's 20-yard line. Hostetter added 9 yards, Tillman passed to DeLoach made one yard and the Blue Devils were in the end zone. The extra point was good and Millen was leading 7 to 0.

That was the Blue Devils' only score.

Millen chalked up 12 more points before the final whistle and the score was: Millen 19, Statesboro 6. The Blue Devils play Claxton in Claxton tomorrow night.

## A Verse For This Week

We may have an excellent car for music, without being able to perform in any kind; we may judge well of poetry, without being poets, or possessing the least of a poetic vein; but we can have no tolerable notion of goodness without being tolerably good.—Shakespeare.

## Invest in Our Youth

Today you will be called upon as a community responsibility to make an investment in the youth of Statesboro and Bulloch County. The responsibility begins at home. The development of these "resourcés" is also a responsibility of the community. Scouting fills a definite need in the lives of the young boy when he becomes twelve years of age. When Scouting leaves a definite imprint on the life of the boy who takes it up. Parents, who have boys, at 127 young boys in your city and county—127 Boy Scouts.

The youth of our community is the greatest resource we have and if we develop it as we do many of our other resources there would be no need for these annual drives. But we are prone to neglect sent by our young people.

## Thinking Out Loud...

And now that the citizens of an offer to buy the bonds and a Statesboro have approved the bond election, the gate can be opened there are some who believe in the to allow Statesboro to move forward. In spite of the fact that only a few have expressed an interest in the election it was enough to remove the blocks to our progress. The bonds are being made ready to offer to the highest bidder. Our city fathers have already received—all out of date.

## VETERANS CORNER

Because the primary purpose of insurance is protection, the type policy which an individual needs is seriously affected by his economic and family status.

There are seven types of National Service Life Insurance policies available.

These are a few questions that have been asked about the relative merits of the various NSLI policies.

Q. What is the cheapest permanent NSLI policy available?

A. Ordinary life offers the largest amount of protection on a permanent basis. The monthly premium rate is the same throughout life and never increases. At the same time a cash value is built up which can be borrowed against in time of necessity. This is the ideal policy for the young veteran with a family. At age 25, the rate is \$1.37 per month per thousand.

Q. What policies have greater cash values but still have low premium rates?

A. Thirty-pay life and 20-pay life. The premium rate at age 25 for 30-pay is \$1.67 per thousand per month and \$2.12 per thousand per month for 20-pay.

Q. The idea of an endowment income appeals to me. Does NSLI have any endowment policies?

A. There are three types of endowment policies available. Endowment policies contain a larger element of savings and may be used to supplement income in the later years of life. NSLI offers endowment at age 65, endowment at age 60, and 20-year endowment.

Q. Aren't endowment policies expensive?

A. Yes, they are the most expensive of all type policies. They are of advantage to those who have difficulty saving and are able to meet the comparatively large monthly premiums.

Q. Do NSLI endowment policies cost more than similar policies offered by commercial firms?

A. NSLI endowment policies are a great deal cheaper than any endowment policy offered by commercial firms, but all endowment

## The Editor's Uneasy Chair

The Almanac Says the Weather This Week On...

TODAY, Thursday, November 14, will be fair, Indian Summer comes along about now. Fishing pretty good about 8 a.m.

FRIDAY, November 15, will be fair and frosty. Fishing good at 7:15 a.m.

SATURDAY, November 16, will be clear and frosty. Moon in last quarter. Fishing not so good.

SUNDAY, November 17, will be clear and pleasant. Fishing no good. Fishing had.

WEDNESDAY, November 20, will be unsettled. Fishing bad.

... But Don't Blame Us If the Almanac Is Wrong!

A fisherman telling a fish story. "All you gotta do is to just take some stands alone, and the fisherman telling the first tale never has a chance."

But a lover of dogs telling a dog story can always tell his story with the assurance that all dog lovers will confirm his story.

Henry Blitch tells a dog story that is a stopper. . . . and Bill Bowen comes along and confirms it.

Henry has a fine setter bird dog. A high bred, sensitive animal. According to Henry, and his better half, Jo (Joelle Helen) stands by his statement, this dog, like a lot of dogs, had the habit of going off from home and not coming back. Henry would get word from his neighbors that his dog was "over at our place," and Henry would go after the dog, bring him home, and shut him up. The next day it was the same story, "your dog is here," and Henry, "Jo," or one of the boys would go bring the dog home. The dog would get out and follow the car, when Henry or Jo would come to town and be gone until they would get word "to come get your dog."

They tried all the stock methods of keeping dogs at home. None worked.

One day one of the negroes working on the place, on hearing of Henry and Jo's dog troubles, volunteered, "Mister Henry, I knows sommin' that'll keep dat dog do home." Henry was interested.

books on the care of pets are Atkinson's "How to Raise Your Puppy" and "How to Raise Your Kitten." For the girl who likes to cook, we suggest the "Children's Picture Cook Book" by Margaret Gossett. Full directions in pictures and writing will tell them how to make cookies, how to prepare hamburgers, bacon and eggs and other foods which children like. It is well for a child to learn how to use an encyclopedia and dictionary at an early age. Many of us have seen the "Golden Dictionary" by Walpole, which was published last year and now we will welcome a companion volume, "The Golden Encyclopedia."

Always Religious books are welcome gifts and we find a number which are attractive and interesting to children. Rachel Field's "Prayer for a Child" won the Caldecott Medal for the best picture book of the year, 1945. Recent favorites have been Mary Alice Jones' "Tell Me About the Bible," "Tell Me About Jesus" and "Tell Me About God."

Most parents encourage their children in reading books that they enjoyed when they were growing up. Recently many new editions of old favorites have been published. A few months back Book of the Month Subscribers received copies of Grimm's and Andersen's Fairy Tales. These same editions are available from Grosset at \$1.00 or \$2.50 for the DeLuxe editions packed in a gift box. Other Juveniles which are available in attractive editions are Alcott's "Little Women," Twaiss' "Tom Sawyer," Collier's "Pinocchio," Perrault's "Little Riding Hood," and Mother Goose. Every small child should have a copy of Clement Moore's "Twas the Night Before Christmas." For the musical child you will want a copy of "Whimsy's" "Sing for Christmas."

SEE THESE AND OTHERS AT YOUR PUBLIC LIBRARY.

#### Auditor's Notes

By: B. E. THRASHER, JR., State Auditor

INTRODUCTION

This report of the financial condition of the State of Georgia as of September 30, 1946, has been delayed until this date in order to obtain an opinion from the General Assembly of Georgia as to the legal status of the \$2,700,000.00 in Revenue Bonds issued by the authority of the Board of Regents through a corporation known as the Board of Regents of the University System of Georgia. In later paragraphs of these notes the legal status of these bonds is discussed.

Because of this condition which has developed since my June 30, 1946 report and in view of the opinion of the Attorney General, I have not included in this report the financial condition of Georgia and to the members of the General Assembly for their consideration. The financial condition of Georgia as of September 30, 1946, in which reference was made to the "unauthorized" bonds, was not included in this report because of the time involved in the preparation of this report, and the fact that the proposed Constitution carried forward such conditions as provided for the prevention of any current indebtedness in the future. It is now quite certain that I was over-cautious as to the inevitability of the provisions of the State Constitution which would have been considered.

As you know, I have worked very anxiously to pay the bonds of the State of Georgia, and I am tremendously anxious that the debtors should not be charged up against the State Government as a State debt. Moreover, for bookkeeping purposes, the net assets of the transaction should be definitely determined.

**FINANCIAL CONDITION**

On September 30, 1946, the State of Georgia, at least that part thereof, had the following condition: The State of Georgia had a cash surplus of \$18,747,503.74 after providing reserves to meet every obligation. In the current year as September 30, 1946, the State of Georgia had a cash surplus of \$18,747,503.74 after providing reserves to meet every obligation. In the current year as September 30, 1946, the State of Georgia had a cash surplus of \$18,747,503.74 after providing reserves to meet every obligation.

In the reserve there is \$18,747,503.74 in cash to liquidate the State's part of highway contracts which have been made or are in the process of being made. The full amount of the State's part of highway contracts which have been made or are in the process of being made is \$29,418,178.20. The full amount of the State's part of highway contracts which have been made or are in the process of being made is \$29,418,178.20.

There is also in the State Treasury \$21,300,000.00 in Revenue Bonds, the Highway Refunding Bonds, and the Western Georgia Refunding Bonds, which are available for the year July 1, 1946, to June 30, 1947, but do not constitute one-fourth of the funds, which is considered to have been provided for the three months July 1, 1946, to September 30, 1946.

There is also reserved \$18,064,297.38 in cash to liquidate the State's part of highway contracts which have been made or are in the process of being made. The full amount of the State's part of highway contracts which have been made or are in the process of being made is \$29,418,178.20. The full amount of the State's part of highway contracts which have been made or are in the process of being made is \$29,418,178.20.

There is another obligation which has been created by the Board of Regents through a corporation known as the Board of Regents of the University System of Georgia. The Board of Regents of the University System of Georgia, through the Board of Regents, has authorized the Board of Regents to issue bonds for the purpose of building dormitories at Georgia College of Business and Economics. The full amount of this obligation is \$2,700,000.00.

Taking into consideration the financial condition of the State and the financial condition of the Board of Regents of the University System of Georgia, it is my opinion that the State of Georgia is in a position to meet its obligations as of September 30, 1946, and as of September 30, 1947, and as of September 30, 1948, and as of September 30, 1949, and as of September 30, 1950, and as of September
